## Description

SCORPION 70mm Turbo Down Pipe inc 200cel Cat.

Turbo charged engines need to be able to breathe; to assist this a range of turbo down pipes have been developed to suit high powered turbo applications. To enable an increase in performance we match pipe diameters for the peak performance gains. This features an updated 200 cell catalyst which reduces emissions whilst still retaining the high flow rates necessary to achieve optimum power gains. This system has been constructed utilising state-of-the-art manufacturing processes and advanced materials to give a dramatic reduction in weight over O.E. This exhaust has been power optimised for your vehicle to give optimal model specific performance increases across the entire usable rev range. 70mm to 63.5mm (after cat) with OE fitment.

Applicable to:

-Civic 2015+ Type R Turbo (FK2)
