Product Description - HEL Stainless Steel Clutch lines (Civic/Del sol/Integra/S2000)

Description

Simple install, comes with everything necessary!

HEL Clutch Line. A 1 piece replacement braided clutch line kit. Manufactured to the highest possible industry standards, the HEL Performance car clutch line kits are brand new to the tuning market. As with all HEL Performance braided hose kits, only the highest grade stainless steel components are used, making this kit unique in the marketplace. There are no mild steel components in this kit at all. All HEL kits come with CNC machined fittings, banjo bolts and new copper washers (where applicable), stainless steel braided teflon hose, and lifetime warranty.
