Product Description - Hardrace tie rod end set modified (Civic/Integra 01-06)

Description

Roll center tie rod end made with high quality alloy steel. These tie rod ends are designed to have maximum accuracy, which enables them to sustain extensive load.

- Reversed design for optimum steering angle on lowered vehicles
- Correct lowered geometry by being parallel to the front lower control arms.
- Direct bolt-on with OEM components
- Provide better feedback to the driver
- Set of 2 tie rod ends.

Applicable to:

- Civic 01-06 2/3/5 drs 1.4/1.6/2.0/2.0 Type R
- Integra 01-06 Type R
