Product Description PLM Tri-Y small Tube Header 4-2-2-1 2,5" (B-serie engines)

Description

Private Label MFG B-Series Tri-Y Standard Tube header features a true step up exhaust header design. The Tri-Y header delivers low to mid range power while utilizing a two-piece design.

This header is a long tube design that **eliminates** your Catalytic Converter (CAT) and is ideal for all forms of competition; auto-cross, drag racing and road racing.

*BECAUSE OF DIFFERENT DECK HEIGHTS WITH DIFFERENT HEAD AND BLOCK COMBINATIONS, THE OIL PAN MIGHT NEED MASSAGING BEFORE INSTALL
